### WASTE MANAGEMENT POLICY

---

#### 1. Introduction:

NNYMC strongly believes that the cleanness of the environment is one of the prime factors of education. A clean environment automatically boosts our self-confidence, learning ability and better focus NNYMC has initiates, implements, promotes and practically led environmentally sustainable practices in our college campus. The waste management reduces the effect of waste on the environment.

#### 2. Objective:

- ❖ To keep our campus clean and healthy
- ❖ To create awareness of minimizing, reusing and disposal of waste
- ❖ To incorporate different strategy for different kind of waste

#### 3. Policy Content & Guidelines

- ❖ The system to ensure effective segregation, as well as its disposal, with the intent of diverting as much waste generated as possible away from the landfill and instead to recyclers and reuse.
- ❖ The bins will be placed according to the volume of the traffic as well as the estimated types of waste generated. Based on this the required number of bins, their placement and their signages can be arranged.
- ❖ The instructions about segregations and visible bins should be made prominent and effective communication and coordination to ensure that the bins are not full or overflowing, and that they are not displaced.
- ❖ Vermicompost pit incorporate for solid waste management
- ❖ E-waste bins separate e-wastes
- ❖ A separate system is incorporated for bio medical waste

#### 4. Execution of Activities:

- ❖ Seminars/ Workshops are conducted in regard of various waste management systems and the public awareness also done through Social clubs of various departments.
- ❖ That waste disposal records are maintained in the stock registers and the respective condemned items are handed over the waste management hub MoU's are signed with appropriate contractors for removal and disposal of all waste items
